

SKODA

The new Scala

For all that you are

You are what you do. And if you play a lot of roles in life, then you need a companion that can keep your pace. Meet the new Škoda Scala. The Scala's do-it-all attitude is backed by truly unique design. Inside, it continues to tick every box – with its host of comfort, connectivity, and safety features.

That's what we call versatile.
That's what we call Škoda.

Models shown are not UK specification. Some of the equipment shown is optional.

Add beauty to duty

We believe your companion for everyday mobility should bring you joy and excitement. Especially with its looks. The new Scala combines sporty style and empowering functionality, building on the long heritage of Škoda family cars.

Extended tailgate glass

Personalise your Scala by extending the tailgate glass down beyond the lettering.

Panoramic roof

From the outside, the panoramic sunroof embodies the sleek, stylish design of the new Scala. From within, it brightens the interior and opens the view of the sky above.

Matrix LED headlights

As eye-catching as they are practical. The crystal-structured three-dimensional design is one of the most prominent visual features of the car, while advanced LED Matrix technology improves visibility for the driver.

 Build your own

Models shown are not UK specification. Some of the equipment shown is optional.

Inner strengths

The focal point of the new interior is the 8" Digital Display, accompanied by the 8.25" Škoda Infotainment display in the middle of the dashboard. The dashboard itself draws attention with a choice of new upholstered décors made of fabric, microsuede or Carbon-look materials. These are matched by the redesigned seat upholstery for all trim levels.

Virtual cockpit
10.25" digital display replaces the traditional instrument dials and can be customised with five views (Classic, Basic, Extended, Modern and Sport).

Ambient lighting
The new ambient lighting with two switchable colours - white and red - underscores the stylish look.

Climate control air conditioning
It is now easier than ever to maintain a comfortable climate on board. The Climatronic air conditioning system is fitted with a pair of buttons that allow you to adjust the airflow without taking your eyes off the road.

2 front and 2 rear USB-C ports
With a pair of 45W fast-charging USB-C slots for both front and rear passengers, you can keep your devices charged at all times with ease.

Models shown are not UK specification. Some of the equipment shown is optional.

Innovation at every turn

The world at your fingertips

Your Škoda vehicle is your everyday companion – and thanks to MyŠkoda Essentials application you can go even further in interaction with your vehicle.

Depending on your equipment and activated packages, you can, for example, display your vehicle's parking location or make it blink its lights and honk; remotely lock, unlock your car or display notifications about low oil and wiper fluid level or active your air conditioning. This service is complimentary with your new Scala for the first 3 years.

Stay connected

Stay connected wherever you are. Being permanently online means always having access to entertainment, information, and possible assistance while on the move. Škoda Connect is your gateway to a world of unlimited communication options.

Smartlink

With the SmartLink feature, supporting Apple CarPlay and Android Auto, the car's infotainment system allows you to use your phone safely while driving.

Navigation system

Stay up to date with Online Traffic Information, saving you the time and stress of sitting in traffic jams. If enabled, the navigation system will automatically recalculate your route to ensure you arrive at your destination just in time.

Emergency call

In the event of an emergency on the road, the Scala will automatically send an SOS signal for help to give you that extra peace of mind. It can also be activated manually by pressing the red button in the roof headlining.

Images shown may not be UK specification. Some of the equipment shown is optional.

Space to savour

Wherever your exploring takes you, it always helps to have space for everything. Even better to have things well-organised and secured safely. With 467 litres of luggage space and various clever storage solutions, you'll never have to leave anything behind.

As you would expect from Škoda, Scala features one of the largest luggage compartments in its class. Combined with a roomy interior, it makes all passengers, front and rear, feel comfortable even on long journeys.

Jumbo box
The Jumbo Box is extremely handy for holding cups, as well as storing your gadgets, house keys and books.

Bag hooks
The new Scala is kitted out with lots of smart solutions like bag hooks in the boot to ensure everything stays safely in place.

Cargo elements
The easy way to secure larger items. Cargo elements are fixed to the floor using Velcro and can be folded into any angle.

Net programme
Have everything you need secure and in sight. This set of three nets prevents your items from moving around while keeping them visible.

Images shown may not be UK specification. Some of the equipment shown is optional.

Safe to the core

You can encounter various things on the road.
To ensure that the car is ready to handle all situations that may occur en route, additional assistants with multiple functions are on hand to help the driver.

Hidden protection

A high level of safety and protection for passengers is vital in the development of modern Škoda cars. The new Scala can be equipped with up to 9 airbags.

Matrix LED headlights
The LED Matrix headlights feature Matrix Beam Function. This allows you to use the high beams continuously, without blinding other drivers. Using a windscreen camera, the Matrix Beam Function detects oncoming traffic and turns off the corresponding segments of the beam. While other segments are left on to illuminate the road.

Front Assist
Front Assist is designed to monitor the distance from the vehicle ahead, including automatic slowing down and braking. It warns the driver of the danger of collision or, if a collision is inevitable, minimises its consequences by braking.

Rear parking sensors
The sensors integrated in the rear bumper monitor the car's distance from any obstacles. Acoustic and visual signals are activated when parking or prompted by the driver.

Lane assist
This system is designed to keep the vehicle in its lane and, if necessary, alert the driver of an unwanted lane change.

Images shown may not be UK specification. Some of the equipment shown is optional.

New Scala SE

Packed with technology and increased driver assist systems, the SE delivers uncompromised safety and enjoyment behind the wheel.

Standard equipment

Wheels

- > 16" Nyota alloy wheels
- > Wheel bolts with anti-theft protection

Exterior

- > Full LED headlights with LED daytime running lights
- > Front and rear fog lights
- > Rear LED lights

Interior

- > 'Loft' interior with black/grey upholstery
- > 2-spoke leather multi-function steering wheel (with paddles for DSG)
- > Height adjustable front seats with lumbar support

Entertainment and communication

- > 8.25" Škoda Infotainment display
- > Care Connect for 3 years
- > Wireless Smartlink
- > 4x USB-C fast-charging ports

Safety and security

- > Alarm with interior monitoring, back-up horn and towing protection
- > ISOFIX-preparation for back seats
- > Front assist and lane assist
- > Emergency call
- > Hill hold control

Comfort and convenience

- > 8" digital instrument display
- > Traffic sign recognition
- > Dual-zone air conditioning
- > Rear parking sensors
- > Cruise control
- > Keyless Start/Stop

17" Stratos silver alloy wheels

Virtual cockpit with 10.25" display

'Loft' interior with black/grey fabric upholstery

Rear centre arm rest

Privacy glass with chrome window surround

9.2" Škoda satellite navigation with touchscreen display, web radio and voice control

Models shown are not UK specification. Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).

New Scala SE L

Adding depth to the generous SE specification, SE L brings technological and material refinements that really make your journey.

Standard equipment (over SE)

Wheels

- > 17" Stratos alloy wheels

Exterior

- > Rear LED lights with dynamic turn indicators
- > Chrome window frame surrounds
- > Privacy glass

Interior

- > 'Lodge' interior with black fabric/grey microsuede upholstery
- > Grey microsuede decorative inserts with copper hotstamping
- > Ambient lighting in white/red
- > Rear centre armrest

Entertainment and communication

- > 9.2" Škoda satellite navigation with touchscreen display, web radio and voice control
- > Care Connect and Infotainment Online for 3 years

Comfort and convenience

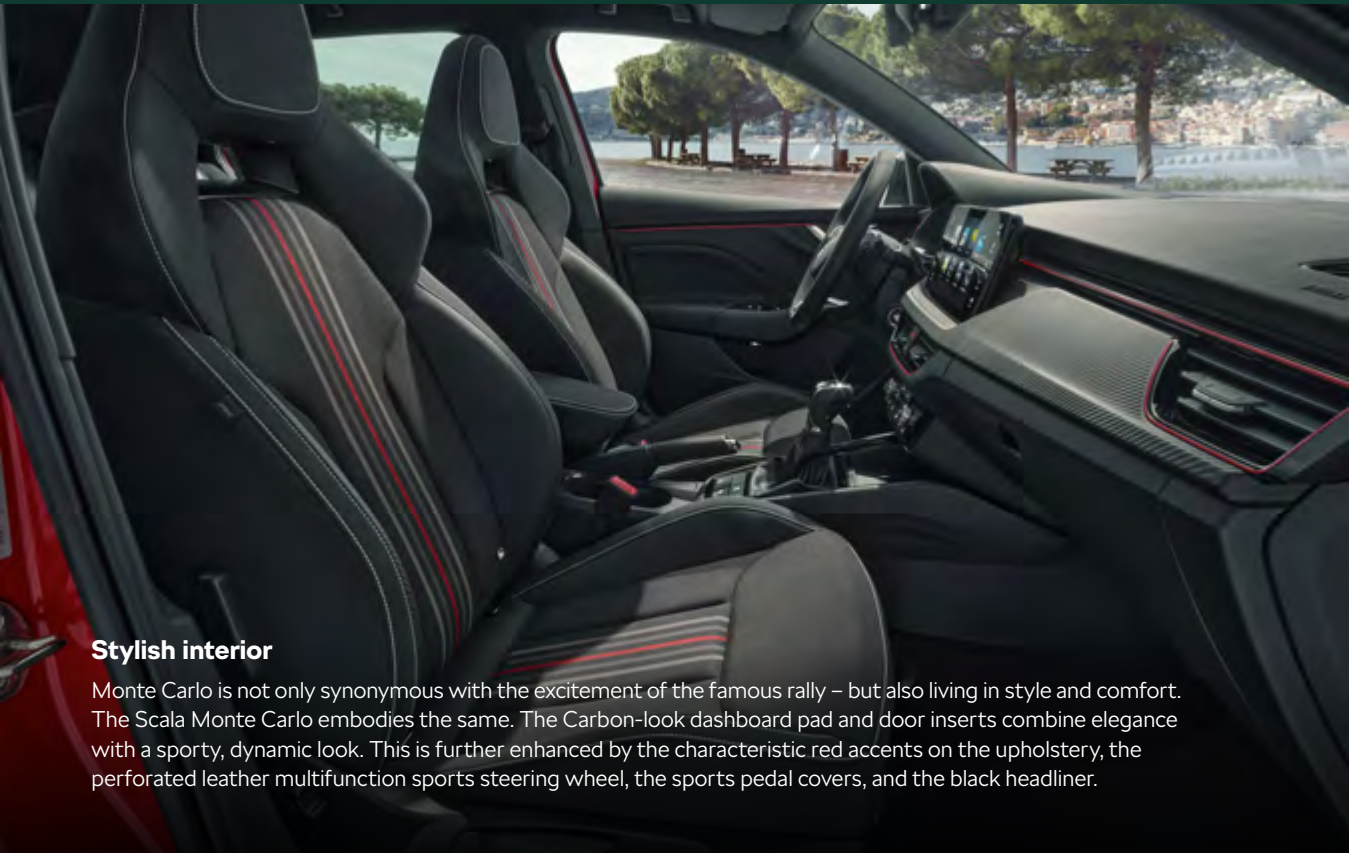

- > Virtual Cockpit with 10.25" display
- > Light and rain sensors
- > Electrically adjustable, folding and heated door mirrors

New Scala Monte Carlo

Inspired by the great racing heritage of Škoda.
Designed to look great both on the roads above Monte Carlo
and in the elegant city itself. The new Scala Monte Carlo brings
sporty style to everyday driving.

Models shown are not UK specification. Some of the equipment shown is optional. Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).

Stylish interior

Monte Carlo is not only synonymous with the excitement of the famous rally – but also living in style and comfort. The Scala Monte Carlo embodies the same. The Carbon-look dashboard pad and door inserts combine elegance with a sporty, dynamic look. This is further enhanced by the characteristic red accents on the upholstery, the perforated leather multifunction sports steering wheel, the sports pedal covers, and the black headliner.

New Scala Monte Carlo

Standard equipment (over SE)

Exterior

- > Cornering fog lights
- > Rear LED lights with dynamic indicator
- > Privacy glass

Entertainment and communication

- > 9.2" Škoda Navigation display

Safety and security

- > Keyless entry and start/stop
- > Light and rain sensors

Comfort and convenience

Pricing valid as of 3rd October 2023.

* Vehicles are tested according to WLTP (Worldwide Harmonised Light Vehicle Test Procedure) technical procedures. The finalised WLTP data (including emissions and consumption data) of the New Scala is not yet available. The finalised WLTP data may impact the VED Band, Insurance Group and BiK values, therefore, these figures are not available. Due to this, the recommended OTR (on-the-road) price of the New Scala is provisional. Please consult your retailer for further information.

The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2023. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2023.

From 6 April 2020, the official CO₂ emissions values used to calculate benefit in kind (BIK) charges for fleet channels will change for passenger car registrations in the UK. This is due to a change in the method of testing. The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020.

Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).

Additional information

Škoda Financial Services

Škoda Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car’s value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

1. Part exchange your car for a new Škoda on a Solutions contract.
2. Pay the optional final payment to own the car.
3. Return the car (subject to terms and conditions).

Škoda Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your Škoda Retailer for your personalised quotation today.

T&Cs apply, ŠKODA Financial Services.

ŠKODA Car Insurance

Complimentary Škoda Drive Away Insurance

Every new and Approved Used Škoda comes with five days’ complimentary insurance cover, getting you on the road quickly and easily so you can enjoy the things that matter. Škoda Drive Away Insurance is designed specifically for your Škoda and guarantees that your car will be repaired in a Škoda Approved Repairer. Speak to your Škoda Retailer for more details.

Subject to eligibility.

We will also provide you with an annual quote, with no additional questions asked, so you can continue to enjoy all the benefits Škoda Car Insurance offers.

Read on for more details.

Škoda Car Insurance

Škoda Car Insurance offers quality service and support when you need it most, with a policy tailored specifically for your Škoda. Just as you’d expect from Škoda, our annual car insurance provides comprehensive cover, with lots of benefits included at no extra cost.

Insure your car with Škoda and relax knowing we only use Škoda trained technicians, who know your car inside out, and Škoda genuine parts*, giving you the peace of mind that your Škoda will be repaired to the same high standards as before and to original manufacturer specifications.

*Excludes windscreen claims.

There's a lot to like about being a Škoda driver.

Get a quote or find out more at [insurewithskoda.co.uk/car-insurance](https://www.insurewithskoda.co.uk/car-insurance)

Alternatively, call us on **0345 246 9091**. Lines are open 8am-8pm Monday to Friday and 9am-5pm Saturday.

Škoda Car Insurance is underwritten by U K Insurance Limited. Calls may be recorded.

Škoda Financial Services is a trading name of Volkswagen Financial Services (UK) Limited (“VWFS UK”), registered in England and Wales No.2835230 (registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). Until 31st October 2022 Volkswagen Insurance Service (Great Britain) Ltd operates as an appointed representative of VWFS UK, after this date all references to Volkswagen Insurance Service (Great Britain) Ltd should instead be read as VWFS UK. VWFS UK is authorised and regulated by the Financial Conduct Authority. VWFS UK and U K Insurance Limited are not part of the same corporate group.

Škoda Gap Insurance

What is Škoda Gap Insurance?

If your Škoda is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new Škoda or help pay off any outstanding finance, lease or hire agreement.

There are two options for you to choose from:

Škoda Gap Insurance

This pays the difference between the write off settlement from your motor insurer and the price you paid for your Škoda or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, Škoda Gap Insurance will cover the difference between the write off settlement from your motor insurer and the early termination charge. This includes any rentals paid in advance as a deposit.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

Škoda Gap Insurance Plus

In addition to all the benefits of Škoda Gap Insurance, the Škoda Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written off during the additional 12-month fixed benefit period of insurance, Škoda Gap Insurance will pay a fixed sum of £2,500.

Why choose us?

Škoda Gap Insurance gives you the financial protection your Škoda deserves. So you can relax knowing that if you need to make a claim, we could help you get back into a replacement Škoda.

To discover the additional benefits and full terms and conditions, please refer to the Cover Booklet.

For more information about Škoda Gap Insurance, please speak to your nearest participating Škoda Retailer or go online www.insurewithskoda.co.uk/gap-insurance

Škoda Financial Services is a trading name of Volkswagen Financial Services (UK) Limited (“VWFS UK”). Registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR.

Škoda Gap Insurance is administered by Car Care Plan Limited and underwritten by Motors Insurance Company Limited. VWFS UK is not part of the same corporate group as Motors Insurance Company Limited and Car Care Plan Limited.

Service and maintenance

Our range of servicing and maintenance plans will help to keep your Škoda in prime condition. Plus, the price is fixed so you won’t be caught out by any unbudgeted costs.

All our service plans use genuine Škoda approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

Service Plan for cars under a year old

This covers your first 2 services for a fixed payment, protecting you from inflation. You can choose to pay upfront or monthly across 24 monthly payments. The service plan includes a maximum of one oil service and one oil and inspection service with pollen filter change. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your Škoda Retailer to create a more tailored service plan.

Exclusions, terms and conditions apply. Servicing must be carried out in line with the requirement of the service schedule. All work must be carried out at a Škoda Authorised Repairer. Additional work, including wear and tear, is excluded. Freepost Škoda Financial Services.

Škoda Financial Services is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR Registered in England number 2835230.

Service intervals

When you order your Scala, you can choose whether your car is on a fixed or a flexible service regime. Your Škoda retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.
